

#1001 Body Wrap Seaweed Gel (lightly scented with pure essential oils)

This mineral rich product deeply penetrates the skin and stimulates the lymphatic system to eliminate toxins that accumulate from environmental exposures. Katrafay extract has been used for hundreds of years in the Madagascar in body treatments to improve the immune system and aid the elimination systems. Seaweed also contains rich nutrients that nourish the body inside and out.

This wonderful gel is loaded with herbal extracts, developed for the spa or for at home treatments. Pure essential oils have also been added, in addition katrafay (an ancient exotic extract from Madagascar. All together these potent ingredients stimulate the lymphatic system thereby aiding in the elimination of toxins.

In the spa - Approximately 2 ml is required for each ¼ of the body. Apply a thin veil to the desired area, wrap client with body wrap film, warm towels or blankets for 20 – 30 minutes. Rinsing is not required and massage can be performed immediately following the wrap.

Gel can also be used as a medium for lymphatic drainage massage. **Note:** You may want to apply less gel for this treatment. At first when you apply the gel it may seem a little tacky, within a minute or so it absorbs and it leaves a beautiful satin finish, which is ideal for lymphatic massage. This product is also a great medium for fascia massage as it has good dragging properties, which allows for lifting and rolling techniques.

At home treatment - After bathing apply a thin veil to the entire body, massage into body in circular motions towards the heart, cover with a warm robe and relax. No rinsing is required.

Ingredients: algae extract, water, willowbark extract, essential oils of Irish moss, pink grapefruit, ylang ylang, cypress, katrafay, rose geranium, juniper, lavender, lemon, Litsea cubeba oil, Japanese Honeysuckle extract.
