

#5035 Rejuvenating Face Serum (unscented)

Due to the fact that this product is unscented you can add your own favourite nourishing and lovely scented essential oils. You can also pump up the formula with a little extra Vitamin E, or for persons with extremely dry skin try adding a little rosehip or hemp oil.

If you do add other ingredients to this face serum – keep in mind the potent effects of your additives. Consider keeping your additives low – at approximately 1% in order to avoid irritating the delicate skin of the face. Only use essential oils that are mild and gentle on the skin such as chamomile, lavender, mandarin, neroli, linden blossom, rose, sandalwood and ylang ylang.

A daily (wax free) anti-oxidant and moisturizing serum loaded with potent ingredients such as vitamins A, C & E. Instantly penetrates the skin with luxurious softening and moisturizing cells that work to repair and replenish lost nutrients caused by daily exposure to skin damaging elements. This light yet moisture packed serum can be used daily and is especially beneficial to persons with oily skin.

Due to the rich moisture locking properties of this serum it is an excellent choice for finishing-up facial treatments in the spa.

In the spa – Use as the last step in a facial. Apply a thin veil to the desired area massaging in circular motions.

At home treatment – For best results apply after facial cleansing, gentle exfoliation or following a facial mask. Apply a thin veil to the face and neck and massage in small circular motions. Allow 10 minutes to penetrate the skin before applying makeup or another daily moisturizer.

Ingredients: spring water, apricot kernel oil, oat beta glucan, rose hydrosol, nettle extract, wheat germ oil, phospholipids and retinyl palmitate and tocopheryl acetate and ascorbyl palmitate, borage oil, superoxide dismutase, shea butter, rose essential oil, lecithin, aloe vera gel, *calophyllum inophyllum* oil, ascorbic acid, potassium sorbate, xanthan, honeysuckle extract.
