

#5025 Mild Foaming Face Wash (unscented)

Very mild surfactants available from botanical sources are used in this mild face wash. Gentle enough to use daily by the whole family.

**In the spa - or at home** - pre-moisten skin with a splash of warm water or with a warm compress apply a small amount of solution to each cheek and massage in small circular motions working around the chin, nose and forehead area. Rinse with warm water and pat to dry. Follow with a hydrosol toner and facial serum.

When adding essential oils or other ingredients to this product - keep in mind that certain additives may thin out the surfactant activity. Keep your additives at .5 - 1%.

Ingredients: water, disodium laureth sulfosuccinate, willow bark extract, cocoamidopropyl betaine (derived from natural salts in coconut oil), cocamidopropyl pg-dimonium chloride (phospholipid complex derived from coconut oil), rose water, aloe vera gel, plantain extract, linden blossom extract, hydroxyethylcellulose, citric acid, sodium hydroxymethylglycinate, dehydroacetic acid and benzyl alcohol.
